The student is obliged to notify the Dean's Office by e-mail from the e-mail address in the @student.wum.edu.pl domain or in writing about **the obtained transfers of credits not later than October 5** in order to include the transfer of credits in the settlement of fees for a given academic year

Payment terms

§ 7

1. With regard to educational services specified in § 1 point 1 lit. a) - c) subject to sec. 3, the following payment deadlines apply to students:
 - 1) **one-off fees** – until October 15;
 - 2) fees paid **in two installments**:
 - a) 1st installment - until October 15,
 - b) 2nd installment - by February 15;
 - 3) fees paid **in four installments**:

 - b) 2nd installment - until December 31,
 - c) 3rd installment - until February 15,

d) 4th installment - until May 31.

2. In the event of consent to dividing the fee into installments after the date specified in sec. 1, the Dean specifies the deadlines for the payment of installments.
3. In the case of educational services referred to in § 1 point 1 lit. d) and e) the student pays the fee once, not later than within 14 days before the beginning of the semester or within 14 days from the date of delivery of the decision.
4. Payment deadlines applicable to students whose studies are financed by Polish or foreign institutions/banks may be, at the student's request, set individually by the Dean.
5. In the case of studies financed with a loan for medical studies, the student is obliged to cover the difference between the amount of the fee for educational services related to educating students in Polish during part-time studies and the amount of the loan granted by **October 15** in the given academic year.
6. A student applying for a loan for medical studies is obliged to submit an application to set an individual payment deadline in connection with applying for a loan for medical studies no later than **October 5**. A student who has not submitted such an application within the specified deadline will be subject to the payment deadlines specified in section 1
7. The student with whom the bank concluded a loan agreement for medical studies is obliged to immediately submit a copy of the agreement to the dean's office in order to determine the individual payment date. It is presumed that a student who has not submitted a copy of the loan agreement by **November 15** has not obtained financing in the form of a loan for medical studies and is subject to the fee payment rules - like a student who pays for educational services on his own.
8. A student with whom the bank has concluded a loan agreement for medical studies is obliged, before the beginning of each semester, to submit an application to the dean's office to prepare a certificate documenting the continuation of studies in a given semester, for the purpose of paying the next tranche of the loan by the bank. Financial responsibility for damage resulting from the delay in the receipt of the next tranche of the loan to the University, which is caused by the student's negligence in providing the bank with a certificate necessary for the payment of the next tranche of the loan, is borne by the student.
9. The student informs - in writing or by e-mail from the address in the @student.wum.edu.pl domain - the dean's office about the termination of the loan agreement for medical studies, within a period no longer than 5 business days from the date of receipt of such information from the bank and within this period submits an application to set an individual payment deadline in order to make missing payments for educational services. At the same time, the student informs the dean's office about the bank's negative decision to grant the loan. Financial liability for damage resulting from the student's failure to provide the University with information on termination of the loan agreement or the bank's negative decision to grant the loan within the specified period is borne by the student.

10. In the event of termination of the loan agreement for medical studies or a negative decision of the bank to grant the loan, the student pays the fees within the deadlines specified by the Dean in the decision obtained under section 6 in the current academic year, and from the next academic year - on the dates specified in section 1.

11. For carrying out the procedure referred to in § 1 points 2 and 4, the deadlines specified in the documents regarding the provision of this service shall apply.

§ 8

1. Failure to pay the fees on time may constitute grounds for refusing to provide educational services until the payment is made.

2. In the event of failure to pay the fees for the educational services provided, the student may be removed from the list of students.

3. It is assumed that a student who has started studies and has not resigned, has not been struck off the list of students, is not on dean's or sick leave, has not transferred to another field of study, uses educational services.

§ 9

1. Fees should be paid to the student's individualized bank account, indicated by the dean's office in charge of the given field of study.

2. The transfer should include: student's name and surname, album number, academic year, payment title.

3. The date of payment is the date of crediting the University's bank account with the amount of the fee.

4. The student bears the costs of the bank commission and other fees charged by the bank.

5. In the event of late payment, the University is entitled to charge statutory interest for the delay, subject to section 10.

6. The University credits the payments made by the student in the first place against overdue statutory interest for late payment of the fee and towards overdue fees.

7. A payment request may be sent by an employee of the dean's office via e-mail to the student's address in the domain: @student.wum.edu.pl

8. The dean's office sends a pre-court payment request in writing, in consultation with a legal advisor, with acknowledgment of receipt.

9. The student is obliged to provide the current correspondence address to the dean's office, and in the event of a change of address - to update it. If there is no updated address, all written

correspondence sent to the address indicated by the student in the documents will be deemed delivered.

9. The University does not charge interest to students whose studies are financed by foreign institutions/banks.

Fee exemptions

§ 10

1. A student who, as a result of a fortuitous event, found oneself in a difficult financial situation may apply for a partial exemption in part of the fees referred to in § 2 lit. a) - c).
2. To the application for a partial exemption from fees, the student shall attach documents confirming the difficult financial situation and the occurrence of fortuitous circumstances causing a sudden deterioration of the current financial situation.
3. A student may apply for a partial exemption from fees not more than once due to a given fortuitous event.
4. A justified and documented application for a partial fee waiver, after verification by an employee of the dean's office, is immediately forwarded together with attachments to the Dean for a decision on the matter. The Dean may request supplementary documents from the student.
5. The Dean may waive the fees referred to in § 2 lit. a) - c) by assessing the student's situation. The maximum fee waiver may not exceed 20% of the annual fee.
6. Applications without attached documents referred to in par. 2 will be left without consideration.
7. In the absence of consent to a partial exemption from the fee, the Dean (and in the case of decisions referred to in § 6 section 6 - the Rector) specifies the deadline for paying the fee, if the deadline indicated in § 7 section 1 has expired.

Reimbursement of fees due to non-use of educational services

§ 11

1. The student is entitled to a refund of the fee paid for educational services not provided in the case of:
 - 1) failure to undertake studies (failure to take the oath, failure to collect the student ID card, failure to log into the system, failure to attend any classes, failure to sign a statement on familiarization with the University's internal regulations, including applicable fees),
 - 2) granting a dean's leave, with the exception of leave which provides for the right to participate in classes and take credits and exams,
 - 3) granting a sick leave,
 - 4) removal from the list of students,
 - 5) resignation from studies,
 - 6) transfer to another field of study.
2. The fee is refunded:

- a) in full, in the case of not taking up studies or in the case of resignation or removal from the list of students before the beginning of the academic year;
 - b) in proportion to the number of months remaining until the end of June of a given academic year, counted from the next month in which a dean's leave or sick leave was granted, or a declaration of resignation from studies was submitted, or a decision was issued to remove the student from the list of students, or a decision was issued to transfer to another field of study.
3. For the calculation of monthly fee rates, it is assumed that the academic year lasts nine months (from October to June), and the semester lasts four and a half months.
 4. In the case of taking a dean's leave or a sick leave, the dean may agree to credit the refundable fees towards the fees due to the University for the student's continuing education in the next academic year.
 5. Fees are returned in EUR or PLN, depending on the currency of the payment made, to the bank account indicated by the student in the application.

Return of overpayment

§ 12

1. Refund of overpayment for educational services is made upon the student's written request submitted to the dean's office.
2. The overpayment is refunded within 30 days of submitting the application to the bank account indicated in the application.
3. The fact of an overpayment and its amount are confirmed on the basis of documentation.
